

Product Sense Case Studies

1. How would you improve customer retention for the marketplace?

Objective

Increase repeat purchases and reduce customer churn.

Target Users

- One-time purchasers
- Low-frequency customers
- Recently inactive customers

User Pain Points

- Lack of incentive to return
- Poor post-purchase engagement
- Better alternatives from competitors
- Delivery dissatisfaction

Proposed Solutions

- Loyalty program
- Personalized recommendations
- Re-engagement campaigns
- Referral rewards

Prioritization

1. Loyalty Program
2. Personalized Recommendations
3. Re-engagement Campaigns

Success Metrics

- Repeat Purchase Rate
- Retention Rate
- Customer Lifetime Value (CLV)

Risks & Tradeoffs

- Increased promotional costs
- Potential abuse of rewards programs

2. How would you reduce delivery-related customer dissatisfaction?

Objective

Improve customer experience and reduce delivery-related complaints.

Target Users

- Customers experiencing delayed deliveries
- Frequent buyers

User Pain Points

- Delayed orders
- Inaccurate ETA
- Lack of delivery visibility

Proposed Solutions

- Better ETA prediction
- Real-time delivery tracking
- Proactive delay notifications

Prioritization

1. Delay Notifications
2. Real-Time Tracking
3. ETA Optimization

Success Metrics

- On-Time Delivery Rate
- Customer Satisfaction Score
- Delivery Complaint Rate

Risks & Tradeoffs

- Additional operational complexity
- Increased logistics costs

3. How would you increase repeat purchases?

Objective

Encourage customers to place additional orders after their first purchase.

Target Users

- One-time customers
- Low-frequency buyers

User Pain Points

- No motivation to return
- Low product discovery
- Lack of personalization

Proposed Solutions

- Personalized product recommendations
- Loyalty rewards

- Targeted promotions
- Subscription programs

Prioritization

1. Recommendations
2. Loyalty Program
3. Promotions

Success Metrics

- Repeat Purchase Rate
- Average Orders per Customer
- Revenue per Customer

Risks & Tradeoffs

- Discount dependency
- Increased marketing costs

4. How would you improve the experience of first-time customers?

Objective

Increase conversion from first purchase to second purchase.

Target Users

- New customers

User Pain Points

- Uncertainty about product quality
- Delivery concerns
- Lack of trust

Proposed Solutions

- Welcome offers
- Improved onboarding
- Order tracking transparency
- Post-purchase engagement

Prioritization

1. Onboarding Improvements
2. Order Tracking
3. Welcome Incentives

Success Metrics

- Second Purchase Rate
- First 30-Day Retention
- Customer Satisfaction

Risks & Tradeoffs

- Increased onboarding effort
- Promotional costs

5. How would you grow revenue in underperforming regions?

Objective

Increase marketplace adoption and revenue contribution from low-performing states.

Target Users

- Customers in underperforming regions
- Potential new users

User Pain Points

- Limited product availability
- Slower deliveries
- Low marketplace awareness

Proposed Solutions

- Localized promotions
- Regional seller partnerships
- Improved logistics coverage
- Region-specific marketing

Prioritization

1. Local Promotions
2. Logistics Improvements
3. Seller Expansion

Success Metrics

- Revenue by Region
- New Customer Acquisition
- Order Growth Rate

Risks & Tradeoffs

- High operational investment
- Slower ROI in some markets
